What We Are Learning!

What a wonderful first week of preschool we had! We love how the little ones bounce into the room with smiles and excitement! There have been very few tears this year and for a young age group this is quite impressive. We have been busy learning our daily routine and getting to know one another. We sang songs, read stories, played with Play-Doh, pasta, puzzles, and many different math materials. We have enjoyed playing outside on the playground with our kindergarten friends. We also got to meet our 4th grade buddy class!

Thank you for sharing your little one with us!

Upcoming Events

Next week our theme will be "All About Me". Please send in a 4 x 6 family picture that we can use to hang in the hallway.

The preschoolers are so fortunate to get to participate in specialty classes. We will have Art on Tuesdays with Mrs. Meador, Gym on Thursdays with Mr. Farmer (remember to wear tennis shoes), and Spanish on Fridays with Mrs. Priscilla Livermore (your preschooler will not need extra supplies since we already have them available).

We will also start Show and Tell next month. More information to follow.

Notes:

We will have 14 preschoolers on Tuesday, Wednesday, Thursday, and 9 on Monday and Friday.

Just a reminder that lunch went up to \$2.75 this year.

Please do not drive down the alley for any reason between 7 a.m. and 4 p.m. for the safety of our students.

Have a great weekend!
